

Special Issue on

MIRROR SYMMETRY and RELATED TOPICS

http://www.emis.de/journals/SIGMA/mirror_symmetry.html

» GUEST EDITORS

Denis Auroux (University of California, Berkeley, USA)

Victor Batyrev (Universität Tübingen, Germany)

Alexander Polishchuk (University of Oregon, USA)

Eric Zaslow (Northwestern University, USA)

» TOPICS

- mirror symmetry in its various formulations
- connections of mirror symmetry to algebraic geometry, symplectic geometry, and other fields of mathematics and mathematical physics

Deadline for paper submission is **May 15, 2012**

Both original research articles and review papers will be considered (not having been published elsewhere)

SIGMA is an open access journal. Nevertheless, despite open access, we **do not charge authors for publication**

There is no limit to the length of an article

All articles will go through the standard peer reviewing procedure of SIGMA

Submitting a paper to the issue can be performed in two easy ways:

submit the paper to the arXiv.org and send the archive number to editor@sigma-journal.com

or send zipped paper in TeX/LaTeX format directly to editor@sigma-journal.com
