SCRIPT NAME

statistics_aggr_2.pql

DESCRIPTION

Demonstrate various statistical aggregates.

1. PROCESS DETAILS

Input records are read from standard input. The input record contains **8** fields. Fields are delimited by the ‘|’ character.

Output records are written to standard output. The output record contains **16** fields. Fields are delimited by the ‘|’ character.

Input stream is **sorted** by the input field **SALES_CODE** (*string*).

Input records are eliminated (**filtered**) unless **SALES_QTY ne 'SALES_QTY'**.

Input records are **grouped** by the input field **SALES_CODE** (*string*).

1.1 SALES_CODE

Output Field

Description

Set to input field **SALES_CODE**

1.2 NUM_PRODUCTS

Output Field

Description

Distinct aggregation on input field **PRODUCT_CODE**.

1.3 AVG_COST_PRICE

Output Field

Description

Avg aggregation on input field **COST_PRICE**.

1.4 VALUES_QTY

Output Field

Description

Values_all aggregation on input field **SALES_QTY**.

1.5 DISTINCT_QTY

Output Field

Description

Distinct aggregation on input field **SALES_QTY**.

1.6 MEDIAN_QTY

Output Field

*Description**Median* aggregation on input field **SALES_QTY**.**1.7 VARIANCE_QTY**

Output Field

*Description**Variance* aggregation on input field **SALES_QTY**.**1.8 STDDEV_QTY**

Output Field

*Description**Stddev* aggregation on input field **SALES_QTY**.**1.9 MAX_QTY**

Output Field

*Description**Max* aggregation on input field **SALES_QTY**.**1.10 MIN_QTY**

Output Field

*Description**Min* aggregation on input field **SALES_QTY**.**1.11 TEST_4**

Output Field

Description

Derived (calculated) field.

*Derived Field Evaluation***1.12 RANGE_QTY**

Output Field

*Description**Range* aggregation on input field **SALES_QTY**.**1.13 MODE_QTY**

Output Field

*Description**Mode* aggregation on input field **SALES_QTY**.**1.14 RANGE_QTY_2**

Output Field

Description

Derived (calculated) field.

Derived Field Evaluation

1.15 *RANGE_QTY_3*

Output Field

Description

Derived (calculated) field.

Derived Field Evaluation

1.16 *LOCATION*

Output Field

Description

Set to input field ***LOCATION***

2. CONFIGURATION SETTINGS

2.1 *pequeldoc*

generate pod / pdf pequel script Reference Guide.: pdf
