

ZyXEL

Double Speed Double Security

Enabling the ZyXEL Wireless g+ SuperSpeed technology, the P-334WT boosts the connection speed between routers and notebooks to an astounding *125Mbps performance,

The ZyXEL P-334WT incorporates TMSS (Trend Micro Security Services) and SPI (Stateful Packet Inspection) Firewall to deter viruses and hackers.

Benefits

Double Speed

The ZyXEL P-334WT is a Firewall router with 4-port switch and a built-in 802.11g wireless Access Point which lets you connect wireless devices to the network. When enabling ZyXEL Wireless g+ SuperSpeed technology, the ZyXEL P-334WT boosts the wireless connection speed between routers and notebooks to an astounding *125Mbps performance, as opposed to the standard 54Mbps speed of 802.11g and 11Mbps speed of 802.11b.

Double Security

Comprehensive security for your entire home network

The ZyXEL P-334WT incorporates TMSS (Trend Micro Security Services) and SPI (Stateful Packet inspection) Firewall to deter hackers and viruses. Additionally, 256-bit WEP encryption and *WPA (WiFi Protected Access) help prevent others from tapping into your wireless connection. The TMSS feature from Trend Micro, a leading software security solution provider, provides additional protection such as antivirus and parental control to protect and monitor computer usage as they securely access the internet.

Wireless security setting. It's that easy

Why do users want wireless security features? Users do not want to share a wireless network with unauthorized or unknown users and want to protect personal or private information. ZyXEL's "One-touch intelligent Security Technology" automatically establishes the highest level of security between the wireless router and either a desktop or laptop computer.

802.11g Wireless Firewall Router

P-334WT

ROUTER

Specifications

System Standard

- ▶ IEEE 802.3 and 802.3u 10Based-T and 100Based-TX
- ▶ IEEE 802.11g standard compliant

Memory Size

- ▶ 4MB Flash, 16MB DRAM

Hardware Specification

- ▶ LAN: Four 10/100Base-T Ethernet, full duplex RJ-45 connector with auto MDI/MDIX support
- ▶ WAN: One 10/100Base-T Ethernet, full duplex RJ-45 connector with auto MDI/MDIX support
- ▶ Power Supply: 12V AC, 1 A
- ▶ Reset Button

Physical Specification

- ▶ Dimensions: 190(L)X150(W)X33(H)mm
- ▶ Weight: 413 g

Operating Environment

- ▶ Temperature: 0°C to 50°C
- ▶ Humidity: 20 to 95 % (non-condensing)

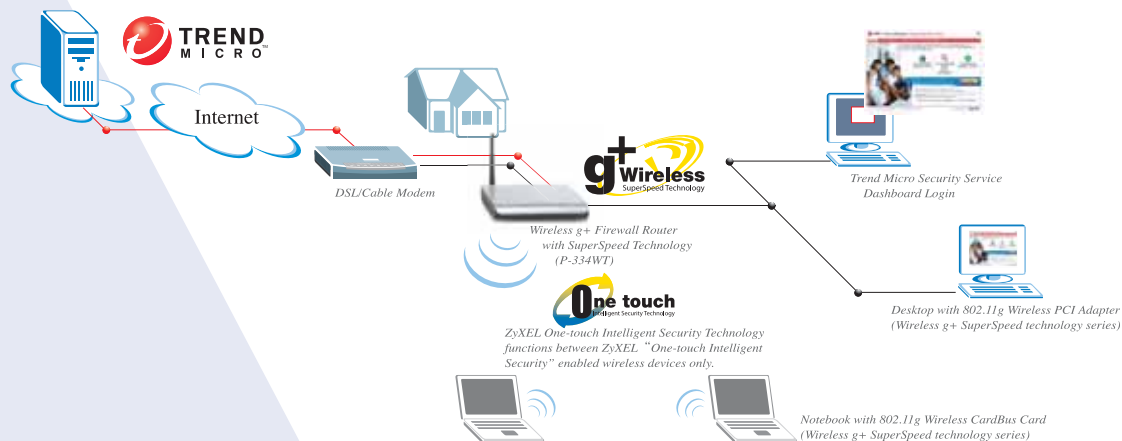

System Requirement

- ▶ Broadband (cable, DSL, satellite or wireless) Internet service and modem with Ethernet RJ-45 connector
- ▶ Ethernet connection (adapter or cable)
- ▶ Windows, Mac or Linux based operating system
- ▶ Internet Explorer 5.0 or later

What is TMSS

Trend Micro Home Network Security Services are the easiest, most convenient way to protect your PCs and entire home network from viruses, hackers, spyware, and other Internet security threats. Trend Micro-powered security features built into your router combined with integrated security services on your PCs create a comprehensive and easy to use home network security solution. For detail information, please check the web site at <http://www.trendmicro.com/support/tmss/>

Home Network Security

* When enabling Wireless g+ SuperSpeed technology, the theoretical data rate is up to 125Mbps between Wireless g+ SuperSpeed-enabled AP and clients. Actual performance may vary depending on different operation environment
