

ERRATA TO

NOTE ON AN INEQUALITY INVOLVING $(n!)^{1/n}$

Acta Math. Univ. Comenianae, Vol. LXIV, 2 (1995), pp. 283–285

H. ALZER

Page 285, line 11:

$$x^3 f''(x) > \log(x+1) + \log(2\pi) - 2 \geq \log(4\pi) - 2 > 0$$

Page 285, line 19:

$$G(n+1) - G(n) = \frac{v_n - 1}{\log(v_n)} \frac{G(n)}{n} \log \frac{n+1}{G(n+1)}$$
